

Details for AIS Support During Health Alert

3/25/2020

Effective Thursday, March 26th, 2020, the Portland AIS/LDC office will not be open. However, we will continue to support our membership through voicemail and emails messages. Beth and Nancy will be working from home, Monday through Friday, 9am to 5pm. They will check for messages a minimum of twice a day, morning and afternoon, and respond to all messages within 24 hours.

Please note that since they will be using their personal phones, their return calls may show as private or restricted. Email responses will show as coming from AIS.

Please continue to inform us of all changes to meeting and event status'. We will update our webpage a minimum of twice a week, more frequently if time-critical information needs to be posted.

Our thanks to all the individual members and groups who have contacted us to assure us that their donations will continue to come in. This will enable us to continue working off-site.

We will continue to offer 12 Step call services to newcomers and our current members that may need to connect with another member voice-to-voice, during this time of sheltering in place.

Please contact us through our regular phone number and the AIS email address for any questions or comments; 503-292-1333, ais@al-anonportlandoregon.org.

During and after this health alert, we remain of service to you, because we all are part of the Al-Anon FAMILY Groups! Stay in contact and stay safe.

Your AIS Executive Board, Val, Clara, Diana, Cheryl, and

Your AIS Office Managers, Beth and Nancy.

“Together we can do, what none of us could do alone!”
